

Peterborough Power Coaches' Clinic

Location: T.A. Stewart S.S.

Time: 9 AM - 5 PM Saturday June 3rd, 2017

9 AM - 3 PM Sunday June 4th, 2017

Topics: Ball handling, Shooting, and Decision Training Camp with Chris Oliver (University of Windsor Men's' Basketball Head Coach.)

Chris is a fantastic clinician. His clinics are cutting edge in North America as he demonstrates how the game is changing but also how to teach your players better. Chris further supports you via his website with great videos and invited discussions on how to coach and teach basketball . It is a great coaching advantage for you.

The PYBA is hosting this Coaches Clinic for **Peterborough Power 2017 – 2018 coaches only.**

The clinic will be run in conjunction with an all-around skill development camp for boys and girls currently in the **7th grade to 12th grade**. This is a unique camp that utilizes music and decision training drills to help players improve their ball handling, shooting, decision-making, and all around offensive skills.

The camp is challenging yet fun for all "rep" players' skill levels in the above-mentioned grades.

Coaches that attend will also get a coaching membership to Chris' coaching site, Basketball Immersion. (See www.basketballimmersion.com)

[Home - Basketball Immersion](http://www.basketballimmersion.com)

www.basketballimmersion.com

The best inbound teams I have coached have all had one thing in common...they have had a better than average inbound passer to enter the basketball.

The cost of the clinic AND membership is being paid by the P.Y.B.A. but you must register via an email to me before May 31, 2017. Please email me at shawn_whitney@hotmail.com with the subject "Power Coaches Clinic". In the body of your email I will need your:

- 1) First & last name
- 2) email address (so Chris can email you site registration details)
- 3) Team you are coaching in 2017-2018.

I will confirm your information and send you further clinic information. I will also forward you information regarding Power Basketball camps for the weekends of June 3rd/4th as well as June 24th/25th.

Thank you,

Shawn Whitney

PYBA Technical Coordinator
